United Way of Door County Announces 2010 Campaign Results

United Way of Door County is pleased to announce that the 2010 Annual Fundraising Campaign raised \$414,019.96. This number represents 9,196 Door County residents who will receive some assistance from one of the human services programs that receives funding from United Way in Door County. The amount of money raised was 94.8% of the \$436,745.00 that is needed in 2011 so that all residents who need some help could receive help.

Kaye Carter, volunteer President of the United Way of Door County, said "The United Way of Door County extends a big thank you to our friends and neighbors in Door County for helping us raise needed funds to help thousands of people here in our community." Carter added that, "Without each and every one of you who believe so strongly in this local organization, we could not achieve this level of success in our community."

Each year's fundraising campaign uses hundreds of volunteers who provide thousands of hours of their time at special events, serving on a variety of committees, or by being a member of the Board of Directors. The office staff consists of one full-time Executive Director, and 2 part-time employees rely on these volunteers for the continued success of this organization.

Carter emphasized one final thought, "While many needs will be met in 2011, there are still hundreds of others who will need assistance. Remember to LIVE UNITED. You can do this easily if you take a little time to Give, Advocate or Volunteer right here in Door County."
